ANNUAL REPORT 2021 | www.rswr.org

Dear Friends,

This has been a very exciting year! The Match Challenge, which will complete year three this December, has helped grow the RSWR family and increase giving so that together we can expand programming to touch more lives. Everyone's generosity has made it possible to go above and beyond our usual activities to support women beneficiaries with emergency food aid throughout the difficult pandemic shut-downs. We have worked together to care for each other's well-being and move toward a better future for everyone.

After broadly inclusive and careful discernment, RSWR strategic planning initiatives were approved in June for the coming five years. These include: continued programming with women in India, Kenya, and Sierra Leone; exploring possibilities for programming in Latin America; deepening understanding of right sharing/right relationship; and increasing communication so that more Friends may know and join the Right Sharing family.

To begin the process of selecting another country and an organization to partner with RSWR, a letter of invitation is on our website at rswr.org/another-country. The countries under consideration are Bolivia, Cuba, El Salvador, Guatemala, Haiti, Nicaragua, and Peru. Please spread the word widely.

I invite you to consider: "What does right relationship mean to you? To your family, your neighbors, and the earth?" I find myself asking, "How is my life experience clouding my perspective? What voices am I not hearing? How might I be transformed to see more clearly how my choices ripple out and touch everyone else? What opportunities to know others and act in right sharing/right relationship are awaiting my discovery?"

Thank you to everyone in the RSWR family – board members, donors, field representatives, staff, contractors, women beneficiaries, their families and communities. I am abundantly grateful to be on this journey in life with all of you.

With Light and Love,

Mrs. Mekala and friend at her milk vending business

PARTNERING WITH WOMEN IN COMMUNITY TRANSFORMATION

GOD CALLS US TO THE RIGHT SHARING OF WORLD RESOURCES, FROM THE BURDENS OF MATERIALISM AND POVERTY INTO THE ABUNDANCE OF GOD'S LOVE, TO WORK FOR EQUITY THROUGH PARTNERSHIP WITH OUR SISTERS AND BROTHERS THROUGHOUT THE WORLD.

An Update from our Partners:

In July 2021, Tewoh Community Development Organization (TCDO) in Sierra Leone sent us an unsolicited report on how women from two projects, funded in 2016 and 2018, are doing today. The projects were in two communities that were badly hit by the Ebola virus; indeed, 26 people died between July and November 2014. Earlier, hundreds had died during the rebel war. Although there have been relief efforts targeting these communities in the form of emergency food and supplies, the RSWR program has been the only one to help people restart their economic activities.

THIS IS WHAT THEY SHARED:

“Thirty women from Dumangbe and Tokorma have acquired long-term Memorandum of Understanding with land owners on Seima, Soro Gbema chiefdom. The women have undertaken large-scale mechanical rice cultivation from the initial support they received from the RSWR micro credit grant. *continued on next page*”

2021 RSWR Highlights

1 The **SECOND** year of the Challenge Match welcomed **142 new donors** into the Right Sharing family. These donors contributed \$31,814.72 during the calendar year.

2 In the Kenya program, several of our past-funded groups shuttered their businesses in the pandemic lock-downs of 2020. The women could not repay

their loans, and the group revolving loan funds were lost. **RSWR responded to this unprecedented situation by allowing groups to apply for a second funding.**

Six past-funded groups in Kenya were awarded second funding of Ksh.300,000 (\$2,800) in early 2021 to help replenish their revolving loan funds.

3 **RSWR food aid was sent to India in July 2021**, when the country was experiencing its second wave of Covid cases. It was used to support 3000 women.

4 **RSWR has decided to expand to another country in central or south America.** The countries for possible program expansion are Haiti, Nicaragua, El Salvador, Guatemala, Cuba, Bolivia, and Peru; no more than one will be selected at this time.

5 **The new Assistant Field Representative, Sibella, in Sierra Leone,** helps the funded groups send their six-month and one-year reports. Sibella provides writing support, specifically. Adding her to the team enabled our Field Representative Sallian to support additional illiterate groups in preparing proposals to RSWR.

Forty hectares of rice was cultivated last year and produced over 1,050 bushels. The proceeds of last year supported the cultivation on 65 hectares this year. Part of their profits purchased diesel for a rented tractor they secured to do the land clearing and rice planting.

"We at TCDO have helped them to register their farm with the Pujehun District Council and the Ministry of Agriculture. They have received training support from the ministry and are currently in the process of registering as a commercial farmers group.

"We are happy with these women, and wanted to let you know that your grant is making a huge difference in their lives. We at TCDO will stand with them in pursuit of bigger goals. Thank you once again for paving their way."
